

EOSDIS DOIs Status and Listing

Many EOSDIS components have created DOIs and registered or reserved them using our help. The following missions and projects have begun the process of creating and registering DOIs. The chart below shows the registered/reserved DOIs by Data Provider. The table below gives a status of each mission's DOIs. The links go to the mission page where there is information about the DOIs they have begun to create.

A reserved DOI is one that has been created but not registered or publicly available due to lack of certain required metadata. In most cases, the product landing page is missing.

An updated DOI is one that was reserved ESDIS but has now been registered with EZID.

A registered DOI is one that has been reserved with the project and registered on EZID and is publicly available.
